bedsonbusiness@gmail.com

---

## Skill

- 3 years of game design experience, both with physical games and in Unity
  - 7 years of coding experience, including expertise in C++, C#, Java, JavaScript, and HTML
  - Expertise with Adobe Creative Suite, Maya, and Zbrush
  - Lifelong love of games
  - Strong communication and personal skills
- 

## Education

### Bradley University / Computer Science

AUGUST 2018 - CURRENT, PEORIA, ILLINOIS

GPA: 3.54

Minor in Game Design

- Experience with code and code structure
  - Created several physical games on teams within Game Design classes
  - Experience working on teams to create several games in Unity
- 

## Experiences

### Cogs in the Cosmic Machine

APRIL 2021, PEORIA, ILLINOIS

Did animation work for a senior level capstone project as a junior. Got experience working on professional teams and hitting milestones on time for game projects.

### Game Jam Participation

SEPTEMBER 2019-PRESENT, PEORIA, ILLINOIS

Gained experience in the field with several game jams, both solo and on teams while working on art, programming, and game design where I had to communicate to achieve our goals.

### Super Ultra Ninja Pig

JUNE 2019-AUGUST 2019, PEORIA, ILLINOIS

Learned Unity over the summer and used it to design for my first game, created entirely by me. Demonstrates ability to learn engines and code quickly. Released several months after development.

## Awards and Honors

---
